About WFUMB

The World Federation for Ultrasound in Medicine and Biology (WFUMB) is dedicated to the advancement of ultrasound by encouraging research, promoting international cooperation, disseminating scientific information, and improving communication and understanding in the world community using ultrasound in medicine and biology.

Affiliated Organizations of WFUMB:

The Regional Federations cover National Societies of Ultrasound in Europe (EFSUMB), in Asia (AFSUMB), in North America (AIUM), in Latin America (FLAUS), in Australasia (ASUM) and in Africa (MASU). Presently the total number of individual members is almost 50,000, and these are physicians, scientists, engineers and ultrasonographers.

1. **EFSUMB** has 19,593 individual members from 28 European countries.
2. **AFSUMB** has 18,023 members from 12 Asian Countries.
3. **AIUM** has 5,598 members from United States, Canada and other countries.
4. **FLAUS** has more than 4,196 members from 13 countries in Latin America.
5. **ASUM** has 2,025 members from Australia and New Zealand.
6. **MASU** has 1,720 individual members from 32 African and Mediterranean Countries.
